state preferred time of arrival.

17.00-20.00 23rd June, 2011 138 High Street (opposite Waitrose)

“What a Year...” by the team

Thank you so much for your loyalty and for making our 1st year the best!

You've given us so many memorable moments, from opening the door on our first day with our fabulous shiny new team to seeing your beaming new smiles as you leave the practice...only to return for more!

From open chats over coffee in reception, encouraging you to make that brave move to the dental chair, to you becoming a regular 'friend' of the neem tree.

Implants with Nuno have been a real hit, restoring the chewing function for so many of you and allowing you to cast away those ill fitting plastic dentures once and for all!

Your children have brightened up our cozy play area and loved blowing up our 'glove faces' and the older ones have even baffled Fiona and Mel with their unbelievable iPad skills!

Orthodontics with Martin has been widely welcomed by all of you forward-thinking and tooth preserving folks. You have wisely decided to transform your smile by simply moving those crooked teeth whether by Invisalign, invisible braces or cosmetic ceramic ones.

So, it really has been so educational and enriching experience to learn all about you, our friendly Esher neighbourhood, and be part of your family as you have been very much part of ours.

Thank You once again and look forward to seeing you at our birthday party.

Kindest Regards,

Smita Mehra
Principal Dentist

“It has been a pleasure to meet and greet our lovely Esher patients during the past year, and put them at ease. We are an extremely friendly bunch here at The Neem Tree, and we pride ourselves on our 'special' customer service - we always endeavour to help our patients in any way we can and will always go the 'extra mile' as we believe you are worth it!!

Our door is always open and we would love to see you at anytime - do pop in for a coffee and chat, we are always here to welcome you.”

the neem tree
dental practice

How quickly has this year gone since we opened our doors on 17th May 2010?
And like the Queen we get to celebrate twice!!
Once because 17th May last year was a Monday
and twice because 17th May this year was a Tuesday :)

There are so many fond memories for me of our first year – too many to list, but the real highlights have been:

- Meeting all our new patients for the first time – and you becoming our ‘friends’ by the time you leave.
- Making you feel so comfortable to visit a dental practice that you want to come back for more – which you have – and that is a great compliment to me and the team. We love having you here and we love seeing everyone leave our ‘home’ with a smile.
- Meeting and working with our other fellow business owners along Esher High Street - collaborating to help make Esher a ‘destination’ for the ultimate in a ‘shopping-eating-health-and-wellbeing’ experience.
- Experiencing the best home-made Apple Strudel I have ever tasted (and being part-German I’ve had a few in my lifetime!!) – a lovely present from one of our patients.
- Working with such a fabulous team where we all want your dental experience to be exceptional – each and every time.

EVERY FIRST THURSDAY OF THE
MONTH JOIN US FOR OUR

VERY POPULAR COSMETIC EVENINGS
WHERE WE TALK ABOUT:

DENTAL IMPLANTS,

ORTHODONTICS

SMILE MAKEOVERS

AND MUCH MORE

Fiona

There is never a dull moment...

“It’s been an exciting and eventful year at The Neem Tree in Esher. Every day is different – there is never a dull moment! I remember so clearly when we were treating a child who was very anxious, on his third visit back to the surgery, about having his filling. The joy you could see on his face after the treatment was amazing – how proud he was of having had a filling done – a truly unforgettable moment.”

“Embracing The Neem Tree Esher from May last year has been a thrill. I was excited to start a new project with new people, in a new place and I must say that it has been very rewarding in every level. I’m proud to belong to a fantastic team. Who can’t love Fiona and Mel, the two pretty faces as soon as you walk in the practice? I did! I also enjoy the professional interaction that exists between me, as an Implantologist and Restorative Dentist, and Martin, the Orthodontist (who I must say is excellent), and also Lotta, another excellent Cosmetic and Restorative Dentist. And now our team is complete with two outstanding nurses, Perch and Kruti. Together we aim to provide the best possible dental service to everyone that comes to see us.

To work in such environment doesn’t happen so often these days, it’s a real joy. But we’re nothing as a dental practice without our patients, who choose us to take care of their dental needs. To them, I give my thanks and appreciation. The chocolates and apple strudel were very welcome. From my part you can count on my passion and dedication in the years to come.

To all of you a big Thank You!!

Nuno
